

UTeach Alabama

UTeach Alabama's Mission

The aim of UTeach Alabama is to encourage college STEM majors to consider a career in teaching.

Ending Alabama's
STEM Teacher
Shortage

Improving STEM
Student Performance

Increasing STEM
Teacher Retention

Overview

UTeach is a national network of colleges and universities working together to improve STEM teaching and learning in the U.S.

Problem Statement

Alabama faces a shortage of STEM-qualified teachers, resulting in K-12 students receiving inadequate education and preparation for a STEM-driven future in the state.

Solution

UTeach Alabama addresses the state's teacher shortage by introducing STEM majors to secondary school teaching and giving them a pathway to teacher certification.

Target Audience

UTeach Alabama targets incoming freshmen offering them the opportunity to earn a STEM major and a teaching credential with no extra time.
